(An Autonomous Institution)

## Provision to Watch MOOCS Courses through Swayam

Studying Massive Open Online Courses (MOOCs) through the SWAYAM-NPTEL platform offers substantial benefits, while institutions like NSHM Knowledge Campus, Kolkata (LC ID 2453), play a crucial role as local chapters in bridging the digital divide and facilitating a blended learning experience.

### The Importance and Benefits of SWAYAM-NPTEL MOOCs

The SWAYAM platform, initiated by the Government of India, is designed to achieve the core principles of education policy: **access, equity, and quality**. NPTEL (National Programme on Technology Enhanced Learning), a joint initiative of the IITs and IISc, is the primary national coordinator for engineering and science streams.

Key advantages for learners include:

- **Access to Quality Content:** Students learn from the best faculty at premier institutions like the IITs and IISc, ensuring high-quality education regardless of their geographical location.
- **Flexibility and Self-Paced Learning:** The online format allows learners to access video lectures and study materials anytime, anywhere, facilitating self-study and balancing other commitments.
- **Skill Enhancement and Career Advancement:** NPTEL courses cover industry-relevant topics and specialized skills, making students more employable. The certificates issued bear the prestigious stamp of the offering IITs, adding significant value to resumes and potentially leading to placement assistance or better job opportunities.
- **Credit Transfer Opportunity:** The University Grants Commission (UGC) allows for the transfer of up to 20% of academic credits from SWAYAM courses to a student's formal degree program, integrating online learning into mainstream education.
- **Cost-Effective Education:** The courses are free to enroll in and learn from; a nominal fee is only charged for those opting for an in-person, proctored certification exam.

## The Role of NSHM Knowledge Campus, Kolkata, as a Local Chapter

NPTEL established local chapters in colleges to encourage wider student participation and provide necessary on-campus support, addressing challenges like high dropout rates inherent in self-paced online learning.

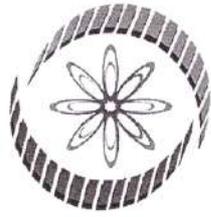

As a local chapter (LC ID 2453), NSHM Knowledge Campus serves as an essential link between NPTEL and its students. Its role encompasses:

- **Awareness and Promotion:** Publicizing the wide range of courses available on the SWAYAM platform among students and faculty to maximize enrollment.
- **Mentorship and Guidance:** Identifying suitable faculty members as mentors who can guide students, clarify doubts through discussion forums or in-person meetings, and monitor their progress to ensure assignment submission and course completion.
- **Infrastructure Support:** Ensuring students have access to necessary infrastructure, such as computer labs and internet connectivity, to access course materials.
- **Facilitating Examinations:** Assisting students with the registration process for the optional proctored exams and potentially serving as an exam center, thereby reducing travel burdens.

By performing these functions, NSHM Knowledge Campus helps students overcome potential barriers to online learning, fosters a culture of self-initiative, and integrates high-quality, nationally recognized MOOCs into its academic environment, ultimately contributing to the holistic development and career readiness of its students.
