

BHAWANIPUR GLOBAL CAMPUS

(An Autonomous Institution)

EFFORTS TO ENCOURAGE STUDENTS TO TAKE UP INTERNSHIPS AND PROJECT WORK IN INDIAN KNOWLEDGE SYSTEM (IKS) AND DISASTER MANAGEMENT

Bhawanipur Global Campus (An Autonomous Institution) actively encourages students to undertake internships and project work in areas related to the Indian Knowledge System (IKS) and Disaster Management. To promote engagement in these fields, the institution organizes awareness sessions, expert lectures, and workshops highlighting the relevance of traditional knowledge, indigenous practices, and modern disaster preparedness strategies. Faculty mentors guide students in selecting meaningful topics and connecting with external organizations, research centers, and government agencies offering internship opportunities.

Students are motivated to work on community-based projects, field studies, and real-life problem-solving activities that draw from India's rich knowledge heritage and address contemporary challenges in disaster risk reduction. These efforts help students gain practical exposure, develop research skills, and contribute to socially relevant and culturally rooted solutions. Overall, the college fosters an environment that supports experiential learning and multidisciplinary exploration.

Dr. Soumendranath Bandyopadhyay
